DESCRIPTION

Meet the Volkswagen up! 1.0 Petrol Automatic, a brilliantly nimble city car that’s easy to drive, effortless to park, and surprisingly comfortable for everyday use. With its automatic gearbox taking the stress out of stop-start traffic, it’s an ideal choice for town commutes, first-time drivers, or anyone who simply wants reliable motoring without the fuss. The compact footprint makes it a doddle to manoeuvre, while the up! still feels properly put together and great to live with.

Powered by a 1.0-litre petrol engine and matched with a smooth automatic transmission, this model strikes a confident balance between efficiency and responsiveness. It’s practical too, with smart packaging that helps you make the most of the space, whether you’re heading into town or loading up for a weekend trip. The Volkswagen’s easy-to-use layout and everyday drivability make it a genuine all-rounder.

This car is presented with just one previous owner, reflecting thoughtful ownership and straightforward history. If you’d like to see it for yourself, we’d be happy to help—get in touch to enquire or arrange a viewing at your convenience.
